SAVVAS

enVision+
TEXAS MATHEMATICS

We would like to express our appreciation to the Texas Education Agency, teams of reviewers, and members of the public for their thorough and insightful review of *enVision+ Texas Mathematics* © 2027. *enVision+ Texas Mathematics* is a comprehensive (K-12) program aligned to 100% of the Mathematics Texas Essential Knowledge and Skills (TEKS) and the Texas English Language Proficiency Standards (ELPS), meeting all Suitability Requirements. We were also honored to have been recognized with perfect ratings for every grade level on the High-Quality Instructional Materials (HQIM) Indicators.

enVision+ Texas Mathematics promotes active learning where all students reason and communicate about math daily. The program is grounded in decades of research and efficacy, and supports students and teachers with

- Problem-Based Learning
- Authentic, Real-World Contexts
- Embedded Instructional Supports and Differentiation
- Robust Digital Resources for Student Engagement and Teacher Efficiency
- Full Suite of TEKS-Aligned Assessments and Immediate Data Insights
- Emergent Bilingual Instructional Support at all 5 Proficiency Levels

The Savvas team is committed to continuous improvement, with an ongoing effort to support teachers and improve student academic outcomes. We are excited to continue our partnership with educators throughout the state of Texas.
