Program Title

Subject Area **Course/Grade Levels**

Introductory Session: Please complete the questions below as they apply to your recommended introductory professional development session(s) for a district that has adopted your materials. Information should apply to the minimum level needed for strong implementation of materials.

Duration (hours) **Cost per teacher**

In-person or virtual

Other specifications

To support the successful implementation of TX Go Math!, teachers receive a Getting Started session. This introductory course, which helps participants understand the TX Go Math! pedagogy from the perspectives of both a student and a teacher, looks closely at the 5E Model of Instruction—Engage, Explore, Explain, Elaborate, Evaluate. Through meaningful hands-on or virtual experiences, teachers learn about the organization and design of TX Go Math! They also discover how Think Central supports teaching, planning, and progress monitoring. An OnDemand Getting Started sessions is also available.

In addition, school leaders and instructional coaches receive a Live Online Getting Started with TX Go Math! Leadership session. This session provides an overview of the program organization, lesson design, and support resources. The goal is to build deeper understanding of the program’s alignment to standards as well as identify key teacher and student behaviors to observe in their learning environments.

Ongoing/Follow-Up Session(s): Please complete the questions below as they apply to your recommended ongoing/follow-up professional development sessions for a district that has adopted your materials. Information applies to the minimum level needed for strong implementation of materials.

Duration (hours) **Cost per teacher**

In-person or virtual

Other specifications
