

The following information is intended to assist LEAs during their local review and adoption process. The information in this form relates to the *Additional Information* section of the rubric and is not scored. One form will suffice for all grade levels if the information stays the same.

*Required Field

Publisher*	Cosenza & Associates, LLC		
Program Title*	Algebraic Reasoning		
Subject Area*	Mathematics	Course/Grade Levels*	High School - Algebraic 

Introductory Session: Please complete the questions below as they apply to your recommended introductory professional development session(s) for a district that has adopted your materials. Information should apply to the minimum level needed for strong implementation of materials.

Duration (hours)*	3	Cost per teacher*	varies (cost is flat fee \$1750 for 3 hour session)
In-person or virtual*	Session can be conducted either in person or virtually via Zoom		
Other specifications*	Professional development focuses on accessing and using different features in the teacher online portal and building a common understanding of certain content knowledge and mathematical knowledge for teaching.		

Ongoing/Follow-Up Session(s): Please complete the questions below as they apply to your recommended ongoing/follow-up professional development sessions for a district that has adopted your materials. Information applies to the minimum level needed for strong implementation of materials.

Duration (hours)*	3	Cost per teacher*	varies (cost is flat fee \$1750 for 3 hour session and \$2750 for 6 hour session)
In-person or virtual*	Session can be conducted either in person or virtually via Zoom		
Other specifications*	Ongoing and follow-up sessions may be arranged in 3-hour intervals and focuses on building and reinforcing teachers' content knowledge and instructional strategies (including the use of technology) for particular topics in the course. We can customize this to a district's scope and sequence and structure the 3-hour sessions so that the professional learning occurs "just in time" for when teachers need it.		

Coaching/Consulting Options: Please complete the questions below as they apply to any personalized coaching or consulting options available.

Is coaching available for teacher implementing your materials? If yes, please describe.*

Yes. We can work with a school or district's leadership team to provide an instructional coach and customize a coaching plan based on teachers' learning needs and campus/district improvement goals.

Is coaching available for school leadership and district staff

Yes. We can work with a school or district's leadership team to provide a consultant with expertise about structuring the Algebraic Reasoning scope and

**implementing your materials?
If yes, please describe.***

sequence and other district-level curriculum, instruction, and assessment documents.
